

# Adult Volunteer Covenant

I understand that I am volunteering to be part of the adult leadership team for the PCN 2015 youth summer mission trip to Puerto Plata, Dominican Republic. I promise to be in prayer and support for the entire adult team and take an active role in getting to know the students who will be participating on this trip. I understand that this is not a vacation for me or an opportunity to go and do activities outside of what is planned for the group as a whole. I promise to be an active member of PCN or another church in town and will do my part to be an example of leadership, compassion and service to the students and other adults who are attending the trip. I covenant to be at the fundraisers and team building events with enthusiasm and energy and with a readiness to assist Jeff and Amanda with any details and organization as needed. I covenant to make this trip about our students and about encouraging them in their walk with Christ while at all times attempting to put aside my own personal agendas and goals. I covenant to reach out to the students and care for them while also being a support to Jeff and Amanda when discipline is necessary. I promise to uphold good moral conduct, refrain from drinking on the trip and being a witness to God's love to all whom we meet. I promise to support the mission of PCN and to be a witness to the PCN community through my love and service to both PCN and the community beyond.

I \_\_\_\_\_ (printed name)  
promise to uphold the expectations that have been set before the team and I covenant to, in all things be the hands and feet of Christ, supporting the leadership team and encouraging our students as they serve Christ in the Dominican Republic.
